## BookAclassic Experiences

When you are in the Maltese Islands you can see an amazing contrast of colours: the blue of the sea, the azure of the sky and the honey-coloured limestone of the Maltese architecture. Furthermore, during your Maltese Island's Experiences, you can feel the living history that surrounds you with all its cathedrals, palaces, forts and temples. And all of this by travelling in a charming Vintage or Classic Vehicle.

These are the BookAclassic Experiences in Malta!
